OVAR NAUTICAL STATION

SEA, RIA DE AVEIRO AND BARRINHA DE ESMORIZ

Ovar Nautical Station is a network of nautical tourism offer centred around three main natural resources: the Barrinha de Esmoriz (Esmoriz Lagoon), the sea and the Ria de Aveiro (Aveiro Lagoon). The enhancement of the network and the already existing resources is complemented by the integration of accommodation offer, nautical activities and other services that may be relevant for the attraction of tourists and other users.

NAUTICAL STATION TERRITORY

OVAR is a territory blessed by nature through sceneries carved by the **lagoon**, the **sea** and the **forest**.

With a geostrategic location of excellence, this territory offers fascinating and challenging water areas, namely the **Ria de Aveiro** (Aveiro Lagoon) and the **Barrinha de Esmoriz** (Esmoriz Lagoon). The beaches are special and awarded with the Blue Flag. The forest area is large and displays a rich and distinctive biodiversity, being the **Parque Ambiental do Buçaquinho** (Buçaquinho Environmental Park) a benchmark of excellence.

Ovar is a privileged destination for those who seek natural beauty, the pleasure of open air physical and sports activities and the experiences that nautical activities have to offer, in an integrated and qualified way!

60 km of **cycle lanes**, 7.5 km of **boardwalks** and many more of **walking routes** allow the discovery of small

ecosystems, autochthonous fauna and flora and striking landscapes.

There is **surfing, sailing, canoeing and stand up paddle** tours for you to try, practice or compete. There are Arte Xávega fishermen at work for you to watch and relive the beauty and troubles of this traditional way of fishing. The municipality of Ovar was also endowed with the brightness and originality of its **tiles** and the dynamics of its communities, translated into unique popular festivities, ethnographic expressions and religious manifestations. Culture is an agent of differentiation and competitiveness of this territory, where museums and events are attraction factors and locals live intensely and are genuinely welcoming.

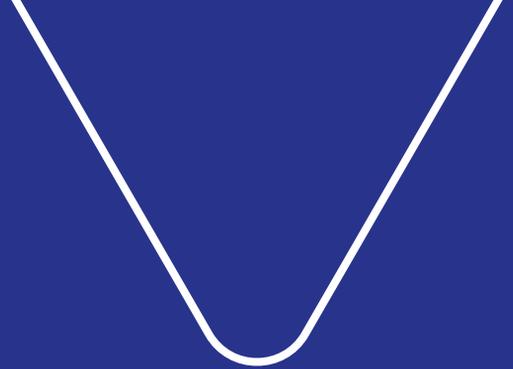

The gastronomic experiences provided by dishes created within the fishing communities, besides the famous **Pão-de-Ló de Ovar** (Ovar sponge cake), satisfy both your stomach and your soul...

NAUTICAL STATION ACTIVITIES

The municipality of Ovar provides a set of emotions and unique experiences to share with family and friends. In the territory there are several partners available to explore sport activities and to offer true moments of leisure, well-being and fun.

Bike tours, surfing, sailing, canoeing, stand up paddleboarding, boat tours, surfskating, birdwatching and yoga are some examples of activities to experience!

INFRASTRUCTURES
NAUTICAL SUPPORT
FACILITIES

CARREGAL MARINA

It is located at the north end of Ria de Aveiro (Aveiro Lagoon), in the municipality of Ovar. This infrastructure has 210 moorings for boats up to 15 metres and with a draught of less than 1 metre and 10 moorings for passing boats.

The marina provides multiple support services that include water and electricity supplies, a fuel station, changing rooms and sanitary facilities, boat-generated waste collection, ramp and crane (up to 5 tons), 3 hangars for the storage of boats, parking, restaurant, sailing school and canoeing club.

PUXADOURO QUAY

This quay has 6 moorings for boats up to 10 metres and with a draught of less than 60 cm, a crane (up to 1 ton), a ramp and a boat repair workshop (light boats).

CARREGAL QUAY

Stay area and docking location

PEDRA QUAY
